

A decorative border with a repeating floral and vine motif surrounds the entire page. The border is black with white and grey floral elements.

# CR Bronzeworks Certificate of Warranty

The quality of bronze of ancient times has survived countless centuries of exposure without adverse effects.

1. That the bronze used in creating this memorial will endure normal exposure to the elements without decomposition.
2. That the casting is dimensionally correct within normal tolerances.
3. That the bronze alloy used in creating this plaque contains not less than 87% copper.
4. That the letters, numerals, ornamentation and insignia are hand-chased, buffed, and highlighted.
5. That only the highest quality finishes have been applied to this memorial. However, because of the varying atmospheric conditions, these finishes cannot be guaranteed for more than 1 year. In time, the finishes will be replaced by the soft appearance of a natural patina. The warranty on coatings is 1 year.

Thank you for purchasing from CR Bronzeworks of Utah
